Subject: FW: Telephone Call Friday 23 1 15 regarding Site Drainage Discharge Incident at DGL Site Gortin

Hi [REDACTED]

Just a note to confirm that we are yet to finalise our report and are looking at a time scale of mid next week. I would like to include river flow information if this can be downloaded and incorporated.
I can say that we have had our Total Suspended Solids data back from the lab. for stream flow samples taken on the day around the site. All are well below our consent limit of 50 mg/L – and including a sample taken from the ditch bounding the western/northern boundary.

Will be in touch
Regards

[REDACTED]

Hi [REDACTED]

Thank you for the visit today
As discussed, we will report more formally as soon as practicable

In the short term, if you have any queries do not hesitate to let me know

Thanks again

Subject: Telephone Call Friday 23 1 15 regarding Site Drainage Discharge Incident at DGL Site Gortin

[REDACTED]
From your telephone call earlier today, could you please provide me with the detail regarding the site drainage discharge incident which took place today.

I would be grateful if myself and [REDACTED] could visit the site on Monday at 0930.

Best Regards
[REDACTED]
